AUGUST 27, 2010

Dillon Christian School

FROM MR. JOHN DAVIS

One of our points of emphasis this year is parent communication and involvement. Research has proven that parents who are actively engaged in their children's education have students who perform stronger academically and socially. To that end, we have our first Parent-Teacher Fellowship (PTF) meeting scheduled for Monday, September 13, 2010.

Our PTF meets four times annually. This year our PTF Executive Committee has decided to provide meetings that will engage us and help us become better parents and teachers. The first and third meetings of the year, we will provide enrichment activities led by the teachers for our students. During the second and fourth meetings, we plan to have a speaker or other activity that will engage parents.

The meeting on Monday, September 13, will begin at 6:00 p.m. with supper provided. We will have our business meeting at 6:30 p.m. and then we will break into groups for our science enrichment activities. Remember that we will be doing hands-on activities so your kids need to be here. We will have activities for students through 8th grade and our high school will look at resources to help us better understand what makes us distinct as a Christian school when it comes to science.

We also have one new order of business that evening, which will be to elect Parent Advisory Committee (PAC) members. The PAC members will serve as a liaison between parents and the Head of School to provide recommendations to improve our programs and services. That evening, we will elect six committee members for elementary and six members for our secondary division. If you are interested in serving on this Committee, please contact me by
